

FGOI Project Closing Event: Reflecting on achievements and exploring future opportunities

Online event, September 10, 2024

The FGOI Project Closing Event which reflected on the achievements and explore future opportunities as we conclude the FGOI project took place as an online event September 10, 2024, from 10:00 AM to 12:00 PM CET.

This event marked the celebration of 36 months of hard work and collaboration across clusters, and we can confidently say the time flew by!

This event brought together Ambassadors, Project Managers, Partners, and other key stakeholders who have played an important role in the project's success. The agenda was designed to provide a comprehensive overview of the project's impact, featuring brief presentations from Ambassadors, case studies and the long-term plan for the Meta Cluster, outlining the strategic directions for sustained impact beyond the project's official end.

Andreea Toma, Project Manager of FGOI, delivered a presentation summarizing the project's results, including exploratory visits to third countries, the establishment of FGOI hubs, the role of ambassadors, and the project's impact on the international market.

Each partner shared their experiences and contributions to the project, concluding that we are stronger when working together.

Lastly, we look forward to the future of the newly established Meta-Cluster, Go Furniture, and we'll keep in touch!
